Refund Policy

This policy contains requirements that apply to all students that are currently studying or formally enrolled with us at The Ashmark Institute of Australia (thereafter known as AIA). The AIA's refund policy observes the principles outlined in the Education Services for Overseas Students Act 2000 (ESOS Act) and The National Code 2007 and applies to all new and re-enrolling students unless otherwise stated. AIA requires all students to be treated fairly and with integrity when applying for refunds and this procedure is intended to ensure that this occurs. Refunds will be made by electronic bank transfer or overseas bank draft. All applications for refund must be made in writing using the Fees Refund Application Form and submitted to the Accounts Department as prescribed in this policy. A refund will be paid directly to the student who entered into the agreement with The Ashmark Institute of Australia (AIA). This agreement, and the availability of complaints and appeals processes, does not remove the right of the student to take action under Australia's consumer protection laws.

Refund Application and Payment Information:

Refunds of fees paid, less deductions provided for in this policy, will be made, if students apply in writing to the Accounts Department, as prescribed in this policy. International students seeking a refund must complete and submit the Application for Refund Form, available from AIA's website. Appropriate supporting documentation needs to be included e.g. visa refusal letter from DIAC, acceptance into another program of study, etc. In order for a refund to be payable, the funds must be available (e.g. cheques are cleared, telegraphic transfers received), and any debts to AIA must be paid in full or the outstanding amounts will be deducted from the refund. In the case of student defaults, refunds will be made within 28 days of receipt of a written application and will include a Refund letter explaining how the refund was calculated. In the case of provider default the refund will be paid within 14 days from the date the application was received. AIA reserves the right to retain the amount of any agent fee incurred by AIA in recruiting a student, in addition to any other amount AIA is entitled to.

Institute Defaults

A refund of any pre-paid fees will be provided in the following circumstances:

- The course in which the student is enrolled does not begin on the agreed commencement date; or
- The course ceases to be provided at any time after it commences but before it is completed; or
- The course is not provided fully to the student because a sanction has been imposed on AIA; or

Other Information

Grievance Procedure

Students who believe they have been charged an incorrect fee or given an incorrect refund are entitled to dispute the decision using The Ashmark Institute of Australia's Complaints & Appeals procedure. Any appeal regarding decisions relating to this policy should be lodged in writing with AIA within 10 working days of the student receiving the original decision from AIA. Written appeals should be addressed to the Head of Accounts.

Deferral of Studies

Students who wish to defer their course commencement date must notify AIA in writing prior to the course commencement date. A new Offer letter will be issued advising the student of their new course commencement date. (NOTE: A place may only be deferred for up to 6 calendar months). Where a course deferral is granted, any monies paid to accept the original course will be transferred as a deposit for the deferred course only upon the written agreement of the prospective student and AIA.

Victorian Student Number

The Ashmark Institute of Australia is working with the Department of Education and Early Childhood Development to allocate a Victorian Student Number (VSN) to each student at our institute as per the Education and Training Reform Amendment Bill 2008. The VSN is a student identification number that is being assigned to all students in government and non-government schools, and students up to the age of 24 in the Vocational Education and Training providers.

The number, which is unique to each student, will be used as a key identifier on a student's records, and will remain with the student throughout his or her education, until reaching the age of 25. The VSN is nine digits long, randomly assigned, and tied to stable information about the student (name, gender, date of birth).

If you want to know more about the VSN please visit
